Warm weather T-Shirt Days do not earn stars.

**GOALS IN RELATIONSHIPS
FRIENDSHIP**

A goal is something you want to achieve and are willing to work for. If you're not willing to work for it, then it's just a wish and not a goal. This month we want to set goals for relationships. What goals could help you become a better person and friend in 2016? To build strong relationships with others, we must first be a good friend. Being a good friend means always treating others how we would like to be treated, even if we're mad or having a bad day. It means taking turns, sharing and compromising and not being bossy. A friend can be anyone: classmate from school, neighbor, cousin, brother, sister or family member! Think about ways you can be a better friend to reach your goal.
